Remark :

- a General K O S T K A , fnu, was Commander of Division KARLOVY VARY while Col. R Y T I R , fnu, was his deputy. Both together, they carried out inspections, or even Col. RYTI^R performed inspections of sundred formations himself.

Col. RYTI^R has been promoted to General on October 1, 1950 and therefore it does not seem likely, that there would be two Generals with one Division.
